## FAIL TO ENDORSE HARDING'S PLAN

Governors of Soft Coal Producing States do Not Favor Scheme to Operate Mines.

### HELD TO BE IMPRACTICAL.

Federal Fuel Administration Issues Orders Excluding Manufacturers From Fuel.

(By United Press.)

Des Moines, Ia., Nov. 21—Governors of states producing soft coal today declined to endorse the proposal of Governor Harding, of Iowa, that the states seize and operate mines during the strike of miners.

Of seven replies received to Harding's message sent to state executives not one fully endorsed the proposal.

Governors Lowden of Illinois and Roberts of Tennessee suggested that a conference of governors be held in Chicago to discuss the coal situation.

Harding said he might act on this suggestion.

Indianapolis, Ind., Nov. 21—Harry A. Garfield, federal fuel administrator, considers Governor Harding's proposal impractical according to a statement given out at Governor Goodrich's office today.

The governor made public a telegram from Garfield to Harding in which Garfield says:

"It is impossible to comply with our suggestion that power to fix coal prices be conferred on you. If this is done similar requests cannot be considered and would be refused and the federal court would be at a loss."

Garfield told Harding that all his requests have been handled in accordance with the preference of the records show no domestic or public utility needs unmet, though demands for non-essentials have been refused.

The federal fuel administration through regional directors today issued an order proposing that hereafter during the coal shortage coal shall be supplied to anyone on railroads, the army and navy and government departments, state and county departments and institutions, public utilities and retail dealers.

This order excludes manufacturers from delivery and means they will have to depend on their supply in bins.

## SUSANNAH COOK DIES OF HEART TROUBLE

Life of William Cook, Age 81 Years, Expires Thursday Afternoon at Home Here.

### FUNERAL SATURDAY AT 1 P. M.

Mrs. Susannah Cook, a well known and highly respected woman in this city, died yesterday afternoon about 2:15 at her home, 104 North Main street, death being caused from heart trouble with which she had been suffering for several months.

The deceased was a resident of this city for a great number of years, and spent practically all of her life in Rush county, being 81 years old at the time of her death. She was a member of the St. Paul E. church of this city. Mrs. Cook was the wife of William Cook, who survives.

Besides the husband she is survived by two sons, Ollie and Robert, both of whom are well known farmers of this county. The funeral services will be conducted Saturday afternoon at one o'clock at the late residence, by the Rev. C. S. Black, and burial will be made in East Hill cemetery.

## SENATOR WILL VISIT HERE

Watson to Spend Part of Ten Days Vacation in Rushville

Senator James E. Watson will visit friends in Rushville during the ten days vacation between the close of the special session of congress and the opening of the regular session a week from next Monday, December 1, according to a dispatch from Washington today. He was expected to leave for Indiana today and while in this state will also visit his mother at Winchester and his son, James Jr., at Terre Haute. Senator Watson will also spend some of the time in Indianapolis.

## BANK AT SPICELAND ROBBED EARLY TODAY

Yeggmen Escape With 40 Safety Deposit Boxes Containing Some Liberty Bonds.

### SHERIFF JONES NOTIFIED.

(By United Press.)

Spiceland, Ind., Nov. 21—Cutting their way through the steel door with acetylene torches, burglars gained entrance to the safety deposit of the National bank at Spiceland and looted a number of the boxes early today. They took forty boxes with them and although the amount in the boxes is not known, they are known to have contained some Liberty Bonds.

They attempted to get into the safe inside the vault but failed. The robbers escaped.

Sheriff Jones early this morning received a call from the sheriff of Henry county, stating that the bank at Spiceland had been entered sometime in the night. The sheriff stated that the bank officials had not discovered what was missing, but that the robbers had left an acetylene tank in their haste to get away. No clue was given the officers and Sheriff Jones today was keeping an outlook for any suspects.

## POLICE DEPARTMENTS OF 3 CITIES SCORED

Judge A. B. Anderson Says Corruption Holds Sway in Muncie, Terre Haute and Evansville

### SENTENCES A POLICEMAN

(By United Press.)

Indianapolis, Ind., Nov. 21—Corruption holds sway in the police departments of Muncie, Evansville and Terre Haute, Federal Judge A. B. Anderson declared in the court today.

The assertion was made when the judge sentenced Albert Moore, Terre Haute policeman, to six months in the Marion county jail and fined him \$100 for aiding three Terre Haute saloon keepers to violate the Reed amendment.

"If the police of Muncie had done their duty, we would not have had those cases," declared Anderson.

"This court has been compelled during the past two years to put in most of its time directing these police courts and why, because the police are so corrupt in those cities."

### PRE-REVIVAL SERVICES

The Revs. Clyde S. Black of this city, M. E. Able of Morristown, Daniel Ryan of Carthage and S. L. Martin of New Palestine will hold pre-revival services at the Morristown M. E. church tonight. A similar meeting was held at New Palestine Wednesday evening by the Revs. F. M. Westhafer of Arlington, C. S. Black and Mr. Abel.

## CONFERENCE TO BE HELD NEXT WEEK

Will Embrace U. P. Congregations of Springhill, Milroy, Glenwood, Mays and Rushville.

### NOTED LEADERS TO BE HERE

Will be Conducted Tuesday by the Rev. D. D. Dodds of Xenia—Local Organization.

A conference will be held next Tuesday in the United Presbyterian church of this city, in the interest of the New World Movement. The conference will embrace in its scope the United Presbyterian congregations of Springhill, Milroy, Glenwood, Mays, and Rushville and will be conducted by the Rev. David D. Dodds, D. D., Xenia, Ohio; the Rev. A. W. Jamieson, D. D., of Xenia, Ohio, a former pastor of the Rushville congregation, and the Rev. James L. Kelso of Bloomington, Indiana.

Dr. Dodds is the chairman and Dr. Jamieson, the secretary of the committee which is directing the New World Movement in the Second Synod, the Synod in which Rushville is located. The Rev. Mr. Kelso is the chairman of the committee responsible for the movement in the Indiana Presbytery.

There will be two sessions in the conference, one in the afternoon at 2:30, and one in the evening at 7:30.

The Rushville congregation has been organized for the New World Movement, with the pastor as chairman; Robert A. Innis as vice-chairman; Thomas M. Green, chairman spiritual life committee; Bert L. Trabue, chairman publicity committee; A. C. Brown, chairman stewardship committee; Wash Allen, chairman canvass committee; and Howard E. Barrett, chairman survey committee.

A young peoples' institute will also be held at the United Presbyterian church on Monday evening. It will be conducted by the Rev. Mr. Kelso, secretary of the young peoples' work in the Indiana Presbytery.

Fifty thousand members pledged to give one-tenth of their income to furthering Christianity is the goal set by the United Presbyterians in their New World Movement campaign which is now under way in all congregations of the denomination in America. By sermons and lectures, special publications and church organs and by personal appeal the membership will be asked to give support to the principles of Christian stewardship.

Under the direction of Dr. John H. White, executive secretary of the missionary and efficiency committee of the denomination, headquarters have been established in Pittsburgh, Pa., the stronghold of Presbyterianism, for the stewardship drive and an intensive educational campaign is now under way.

That the church is prepared to go forward in this drive in a business like manner is evidenced by the care with which information about the membership is being collected. Under the direction of the Rev. C. C. French, secretary of the department of survey of the New World Movement, blanks will be sent to the pastor of every congregation on which will be listed the number of members who now tithe their income.

When these lists are all received in the central headquarters in Pittsburgh each congregation will be asked to enlist a certain portion of its membership, probably one-third, as tithing stewards.

The Homer Christian Union Aid Society will give a Thanksgiving supper in the basement of the church Saturday night, Nov. 22. The public is cordially invited to attend.

## TIME SHORT FOR SOLDIER'S MAIL

Parcels For Christmas Will Leave This Country Dec. 8 For Foreign Countries.

### INSTRUCTIONS ARE GIVEN

Packages Cannot Exceed Seven Pounds Nor Contain Perishable Presents.

Only a few days remain for the mailing of Christmas parcels to soldiers in foreign service, and according to instructions received here, all packages must be in the office at Hoboken, an embarkation point, not later than Dec. 8. Packages also are not to exceed seven pounds in weight, and are not to contain perishable or prohibitive articles.

There are not many Rush county soldiers serving in foreign countries now, and for the benefit of those who have friends in service either in the naval or in local camps, the information as given out by the post-office department may prove valuable, and save delay on the shipper's part.

Following is the rulings as received here, relative to shipping Christmas parcels for soldiers:

The War Department has advised that Christmas parcels for members of the American Expeditionary Forces in England, France, and Germany must, in order that they may be delivered to the members by Christmas, reach the port of embarkation, Hoboken, N. J., by December 8, 1919. Such Christmas parcels may be mailed under the following conditions:

Christmas parcels must not exceed 7 pounds in weight nor 72 inches in length and girth combined.

The parcels must be fully and correctly addressed, that is, they must bear the name, rank, and organization of the addressee together with the words "American Expeditionary Forces", and be addressed in care of the commanding general, port of embarkation, Hoboken, N. J. Each parcel must be marked "Christmas Parcel" and bear the name and address of the sender. The following is suggested as a suitable form of address:

From \_\_\_\_\_  
(Name and rank of addressee)

For \_\_\_\_\_  
(No. and name of organization)

American Expeditionary Forces,  
Care of Commanding General,  
Port of Embarkation, Hoboken, N. J.

Parcels so addressed will be chargeable with postage at the fourth-class or parcel post zone rate applicable between the office where mailed and Hoboken, N. J., to be prepaid by stamps affixed.

Parcels may bear inscriptions such as "Please do not open until Christmas," "Merry Christmas," "Happy New Year," "With Best Wishes", and the like.

The parcels must contain no prohibited or unmailable articles. Candy and tobacco must be enclosed in tin or light wood boxes. Perishable food products may not be included in parcels unless they are enclosed in cans.

In order that such parcels may reach the addressees by Christmas the parcels should be deposited for mailing so that they will arrive at the port of embarkation, Hoboken, N. J., not later than December 8, 1919.

Christmas parcels for members of the American Expeditionary Forces in Siberia and for United States soldiers in the Hawaiian and Philippine Islands should not exceed 20 pounds in weight nor 2 cubic feet in volume, and should be addressed in the manner above indicated, care of the port and zone transportation

## FORMER CAPTAIN TO SPEAK

Perry Oneal to Address Elks at Annual Memorial Services.

Perry Oneal who recently returned from overseas where he served as a captain, will speak at the annual memorial services of the Elks Sunday afternoon, December 7, at two o'clock. Mr. Oneal will relate some of his experiences while in the war zone, but will lay special stress on the work of the Salvation Army, which was supported by the Elks Lodge, during the war. The memorial services are for Elks only and will be held in the club rooms of the lodge.

## PRESIDENT WILL VETO RESOLUTION

Administration Officials Says He Has Power to Act on Measure Declaring War at End.

### CITE THE U. S. CONSTITUTION

(By United Press.)

Washington, Nov. 21.—The Lodge concurrent resolution declaring war at an end can and will be vetoed by President Wilson in case it is passed by both the house and senate, is the opinion of high administration officials here today.

They cited the constitution that the president has this power.

Both came as an evidence of surprise to the supporters of the Lodge resolution, introduced into conference just before adjournment, who believed the executive had no authority to interfere with the concurrent resolution if it was passed by both the house and senate.

Discovery of the constitutional order which hitherto has seldom been exercised, was a blow.

It is said the president is planning to prevent the war being effectively ended until the peace treaty is adopted.

## BUSINESS QUIET IN CIRCUIT COURT TODAY

Case of J. D. Case Against Wilford Grindle for \$3,500 is Removed From Docket.

### WAS FILED THREE YEARS AGO

There has been nothing of much importance transacted in circuit court here the last two days. The suit brought three years ago last October by Jasper D. Case against Wilford Grindle on an account demanding \$3,500, was removed from the docket. The plaintiff could not agree with the cross complaint and the defendant failed to agree with the plaintiff's complaint, and the case was taken off the docket with the costs being assessed equally against the plaintiff and defendant.

Laura Bennett, plaintiff in the divorce suit against Willard Bennett, has filed an affidavit and motion to require the defendant to state cause why he should not be punished for contempt of court. A few weeks ago the court ruled that Bennett should pay an allowance for attorney's fees, which amount has not been paid. The case was set for Saturday morning at nine o'clock.

## TAX COLLECTIONS ABOVE AVERAGE

Sum of \$85.12 More Than Duplicates Showed Collected Outside City of Rushville

### \$988.52 DELINQUENT IN CITY

Amount to be Paid in 1919 Was \$651,450.87 and Total Actually Paid Was \$650,547.47

An unusual record was made in the county treasurer's office this year in view of the fact that \$85.12 more in taxes was collected outside the city of Rushville than there was on the duplicates.

The delinquency in the city of Rushville, where it is always the largest, amounted to \$988.52, but the delinquency in the whole county only amounted to \$903.40, which gives the excess in collections over what the duplicates showed on current taxes.

Another interesting thing in connection with the figures is that the people of the three incorporated towns of the county—Rushville, Carthage and Glenwood, paid 23 5/6 percent of the taxes this year and the people living in the county outside these three places paid 76 1/6 percent. Taxes on the duplicates of the three towns amounted to \$153,862.35 and for the remainder of the county \$497,588.52.

The following table shows the amount on the duplicates and the amount actually collected in each unit:

	On Duplicates	Collected
Rushville C. ..	\$131,952.00	\$130,963.48
Carthage ..	17,932.84	17,872.24
Glenwood ..	3,977.51	3,946.33
Ripley ..	36,637.48	36,887.78
Posey ..	44,991.50	45,048.06
Walker ..	46,573.53	47,036.56
Orange ..	45,174.39	45,126.11

Washington ..	33,182.50	33,214.03
Union ..	46,951.66	47,042.47
Noble ..	36,423.61	36,399.24
Richland ..	23,752.76	23,786.81

Total \$651,450.87 \$650,547.47

## RED CROSS CLIMBS NEARER GOAL TODAY

Addition of 439 Members Brings Grand Total to 2803—Ripley Reports 237.

### ORANGE SWELLS NUMBER 77

The 1920 Red Cross membership in Rush county was boosted nearer the goal of three thousand today by reports of 439 additional members being received, nearly half of which came from Ripley township, which had not reported previous to this time. The grand total for the county today stood at 2,802.

Orange township also swelled its total this morning by reporting 77 additional names, which with the 171 previously sent in, gives the township credit for 248 members. John McKee sent in one more name for Noble township, making 130 to date.

Rushville township's membership is also growing, 123 new members having been sent in since the last report yesterday. Ninety-three were from A. L. Stewart, one of the district captains, and thirty from Bert Conde, also a district captain. One more name was sent in by Bert Trabue, a city captain, making the total for his district 151. All but eight of the 25 district captains in Rushville township have reported. No word has come yet from either Center or Union townships.

## WATCH MEXICO FOR ACTION ON DEMAND

Officials Await Reply to Note Requesting That W. O. Jenkins be Released at Once

### GOVERNMENT RESPONSIBLE.

Washington, Nov. 21—Officials here today were watching Mexico for action on the note dispatched by the state department to the Mexican government demanding the release of William O. Jenkins, United States consular agent at Puebla, who was rearrested on charges of being in a conspiracy with his bandit captors, who forced him to pay \$150,000 in gold for release.

The note warned that further molestation of the consular agent would "seriously affect the relations between the United States and Mexico, for which the government of Mexico must assume sole responsibility."

The note was sent immediately after official confirmation of Jenkins's rearrest had been received, and said the United States government was surprised and incensed on learning of the consular agent's imprisonment, which was characterized as "absolutely arbitrary and unwarranted."

Jenkins was first arrested early this month on the charge of collusion with the bandits who took him from his home at Puebla on October 19, but he was released after remaining in the penitentiary two hours. He was restricted to his home, however, and on Tuesday he was rearrested.

## ADJUTANT STORY COMING

Young Peoples Secretary of Salvation Army to Held Meeting

Adjutant Story, Young People's secretary of the Salvation Army for the states of Michigan and Indiana, will conduct the Young People's meeting this evening at the Salvation Army church in South Pearl street.

The adjutant has great oratorical ability and in recent years has been affiliated with the National Scout band of the Salvation Army in New York City. The special meeting will begin at 7:30 o'clock, to which everyone has a cordial welcome to attend. The meeting will close at 9 o'clock, after which the adjutant will conduct the Soldier's and recruit meeting.

## END OF FINGER SAWED OFF

Leonard Pate Painfully Injured at Pinnell-Tompkins Mill.

Leonard Pate, an employee at the Pinnell-Tompkins lumber company, met with a painful accident yesterday at the mill, when the end of a finger on his left hand was cut off. Pate was arranging the saws on a machine which was left running, and a finger was caught, and sawed off, just below the nail. The accident was indeed very painful, but today Mr. Pate is reported as recovering nicely.

## GUARANTEED

## FOR FIVE YEARS. WHY?

If a machine is to be guaranteed for a term of years, it must be built to stand up at least that length of time. Every part must be as strong as the rest—no weak points. Something besides "bull strength and awkwardness" is necessary. The "RUSHVILLE SPECIAL" Spreader is scientifically constructed, and the Litchfield Company knows this, because, under its own roofs, every part and piece is built from the raw material. This spreader is not the product of an "assembling" plant.

In building the "RUSHVILLE SPECIAL" Spreader for me, every unnecessary part has been eliminated and the machine scientifically designed and constructed, so that no needless material is used. All required strength is there but your team need not haul around any useless, clumsy, awkward "wooden shoe" weight or bulk. The Bull Dog Beater Wheel and the No-Choke Box put less strain on the machine than any other form of construction so far invented. They also greatly reduce the draft on the horses.

The Self-Oiling journal bearings, the single lever, the studied simplicity—all tend toward efficiency and making the machine fool proof.

The all steel frame with circle front and steel bridged bolster construction, the endless self-cleaning conveyor, self-aligning bearings, high carbon beater teeth, crossed truss reinforced frame—all scientifically built together, give me a spreader of KNOWN quality. Thus our reason for the guarantee which comes with the factory's signature. Look this spreader over.

## KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.  
 Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.  
 Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.  
 Dr. Edwards' Olive Tablets are known by their olive color. 10c and 25c.

## The Rhodes Scholars

The scholarships at Oxford were suspended for two years during the war. A double set of boys, numbering sixty-four, has just been appointed. The students named as of 1918 will enter Oxford in January, 1920, those of 1919 waiting until October. Next year also a double number will be appointed.

The competition this year, says Prof. Frank Aydelotte of the Massachusetts Institute of Technology, American secretary to the Rhodes trustees, was keener than ever before. The war has created a much greater interest in England and its institutions. Some of the boys had already had short courses at Oxford while they were in military service, and appreciated its advantages. Others, by their experience overseas, had come to appreciate the desire of Cecil Rhodes to see the English-speaking peoples on closer terms of friendship and understanding.

The young man who wins one of these coveted scholarships is given funds to cover a three-year stay at the famous old university, to live comfortably and to travel moderately during the vacations. He must be a college graduate chosen on three counts, which are given equal value: character; scholastic standing in college work; general college activities outside of study, including athletics.

Cecil Rhodes wanted no pale-faced "grind" to enjoy his benefaction, no slippery crook with brains and no character, no popular athlete without brains. He wanted the best of the coming generation of young men, sound and strong in mind, heart and body, all-around Americans, to spend three years with England's best, learning to understand and appreciate England.

The late war justified his wisdom. Where is the American who will do this for Englishmen at an American university?

tative Ira G. Hersey of Maine that many railroads have been "robbed and ruined" during the period of government control by sending them equipment which they did not need, and charging it up to them, for which they must settle and pay in the days to come. As an instance he cites the Main Central Railroad in his state. He declares that that road always has been one of the best managed properties in the country, and its rolling stock and other equipment was complete at the time the railroads were taken over by the president. Yet after they had been given a billion dollars the government railroad managers insisted that the Main Central accept box cars and locomotives to the value of \$3,215,392.48. The road refused to receive that equipment, but it was delivered and must be paid for. Mr. Hersey claims that the experience of the Maine Central has been duplicated in many other parts of the country.

TO PETER'S CONDUCTThe Rev. W. N. Briney Points Out  
That it is Sleeping at Its Post of  
Duty

## LEADS TO DENIAL OF CHRIST

A large and interested audience at the Main Street Christian church last evening listened to Rev. W. N. Briney as he presented the story of Simon Peter's denial of Christ in "The Four Fatal Footsteps" that led to his sin and sorrow. These were sleeping in the Garden while Jesus was suffering in the darkest hour of his life, following afar when he was arrested and taken to his trial, warming himself by the enemies' fire and his final denial of his Lord.

"Thus the church and many modern Christians are sleeping at their post of duty", said the Rev. Mr. Briney, "indifferent to the church and claims of Christ, following afar from the Christ, and warming themselves by the fires of sinful pleasures, thus practically leading them to the denial of Christ by their character and conduct".

It was a soul searching sermon that every church member in Rushville ought to have heard, many stated today. Mrs. Georgia Moor and Lloyd Nelson sang a beautiful and pleasing duet. The subject of the sermon this evening will be "Voices From the Cross".

## Express Agent's Statement.

Rushville, Nov. 19.

Editor Republican:—

It has come to my notice that George Baker, formerly employed by the express company of this city, is obtaining the signatures of the business men of this city to a petition which I am convinced the signers are not reading carefully before signing and feel sure that they have given the matter no thought.

If any business man would have a man in his employ whose services did not suit, he would think it very poor ethics for the other men in town to petition the discharged man's re-instatement and his own removal. This is what I understand the purport of Mr. Baker's petition and I would ask these business men, if they are so deeply interested in Mr. Baker's welfare, as to petition his re-instatement where not satisfactory, why not give him a responsible position with their own business house.

As there are always two sides to a question, I would thank all signers to read before signing the papers.

Yours truly,

J. A. Bruner,

Agent, American Railways Express company.

# Nurse Makes Facts Public

Was Told Operation Was Her Only Hope—"Tanlac is Wonderful." She Says.

"Speaking from personal experience," said Mrs. D. L. Travis, a well-known nurse, residing at 721 Seventh Ave., Peoria, Ill., in a conversation, recently, "I know Tanlac to be a most valuable medicine and I feel it my duty to give the facts to the world."

Mrs. Travis is only one of a great many in her profession who have endorsed Tanlac. She has been nursing the sick for eighteen years and her statement, coming, as it does, from one of such wide experience, will be read with interest everywhere.

"It is my honest belief," continued Mrs. Travis, "that there are millions of people who, if they only knew Tanlac as I do since using it myself, would lose no time in relieving themselves of their misery as I have done."

"The way I happened to know of Tanlac was through a noted physician. At this time I was suffering from what was said to be chronic appendicitis, which had troubled me for seven or eight years. I would become so nauseated—almost deathly sick—after eating that it was a common thing for me not to be able to retain my food. I am speaking now of the last stage of my suffering, after reaching the condition where an operation seemed unavoidable. But, previous to this time and for several years my health had been very poor and it was an effort for me to stay on my feet and practice my profession. I did it under the strain of suffering and when I came off from a case I was always so completely tired out, exhausted, and nervous that I thought each case would be the last."

"Finally, a few months ago, I gave up completely, took to my bed and arrangements were made for an operation, as it was thought I would never recover without it. At this point my physician and friend advised me to try Tanlac for a few days. Knowing he would not advise me wrong I ordered a bottle at once and two days later my suffering was letting up. Those terrible pains began to leave, the swelling and bloating commenced to go down and in a day or two more I changed from liquid diet to some more nourishing and substantial food. From that time on I recovered in a way that was actually astonishing to those who attended me. In all I have taken about seven bottles of this medicine and today I am as well as one can be. My lost strength has returned, my nerves are perfectly calm and no one could get more restful sleep than I do. My appetite is fine, I enjoy all my meals and I never suffer in the slightest degree with my stomach or in any other way. Nothing would keep me from praising this wonderful medicine."

Tanlac is sold in Rushville by F. B. Johnson & Co.; in Milroy by Dallas Copper; in Manilla by Geo. J. Inlow, and Arlington by Mrs. L. T. Davis.—(Adv.)

"Do Your Christmas Shopping Early."

This appeal is made by metropolitan newspapers every pre-holiday season. There is sound wisdom in that advice. Several Cases are Reported in Moscow Schools and General Quarantine May Result

A scarlet fever epidemic is raging in southwestern Rush county which might result in the closing of the schools at Moscow and a general quarantine placed on all public meetings in that vicinity. There are several cases reported in the Moscow schools, both in the grade department and the high school. It has been necessary for the high school basketball team to cancel several games on that account, as three of the players are absent.

In the Moscow schools thirty-three pupils were absent this week, but not all of them were suffering from scarlet fever. Many homes have been quarantined. At Blue Ridge which is on the Rush-Shelby county line, there are no cases in the town, but many in that vicinity, and precautions have been taken to prevent an epidemic. An oyster supper that was to have been held there last Saturday was called off, and a basketball game this week was also postponed because the people did not want to take any chances of exposure.

Berlin, Nov. 21—Final Judgment of history will show that the revolution was really only the "keystone" of Germany's military collapse. Field Marshal Von Hindenburg, yesterday told the Reichstag committee investigating the war.

Lack of cooperation, the failure of political leaders and the lack of support in the demand for obedience, was the real cause for disintegration, he declared.

Following Von Hindenburg was Erich Ludendorff, formerly quartermaster general, declared the situation was most serious when he and Von Hindenburg assumed command. Germany was outnumbered 10 to 6 and inadequate equipment caused heavy losses.

## BILIOUSNESS Caused by Acid-Stomach

If people who are bilious are treated according to local symptoms they seldom get very much better. Whatever relief is obtained is usually temporary. Trace biliousness to its source and remove the cause and the chances are that the patient will remain strong and healthy.

Doctors say that more than 70 non-organic diseases can be traced to an Acid-Stomach. Biliousness is one of them. Indigestion, heartburn, belching, sour stomach, bloated and gas, are other signs of acid-stomach. EATONIC is the marvelous modern stomach remedy, brings quick relief from these stomach miseries which lead to a long train of ailments that make life miserable if not corrected. EATONIC literally absorbs and carries away the excess acid. Makes the stomach strong, cool and comfortable. Helps digestion; improves the appetite and you then get full strength from your food. Thousands say that EATONIC is the most effective stomach remedy in the world. It is the help YOU need. Try it on our money-back-guarantee. Guaranteed guarantee. At all druggists. Only 50c for a big box.

## PE-RU-NA

This Lady TELLS Her FRIENDS

Mrs. Mary Fricke, 507 Bornman St., Belleville, Ill., is just one of the many thousands of ladies throughout the country who, after an agony of years, have at last found health, strength and vigor in PE-RU-NA.

Her own words tell of her suffering and recovery better than we can do it: "I suffered with my stomach, had awful cramps and headaches so I often could not lay on a pillow. Saw your book, tried PE-RU-NA and got good results from the first bottle. To be sure I took twelve bottles. I have recommended PE-RU-NA to my friends and all are well pleased with results. I will not be one day without PE-RU-NA. Have not had a doctor since I started with PE-RU-NA, which was about fifteen years ago. I am now sixty-three years old, hale, hearty and well. Can do as much work as my daughters. I feel strong and healthy and weigh near two hundred pounds. Before, I weighed as little as one hundred. I hope lots of people use PE-RU-NA and get the results I did." An experience like that of Mrs. Fricke is an inspiration to every sick and suffering woman.

MRS. MARY FRICKE

If you have catarrh, whether it be of the nose, throat, stomach, bowels, or other organs, PE-RU-NA is the remedy. It is not new; it is not an experiment. PE-RU-NA has been tried. PE-RU-NA has been used by thousands who once were sick and are now well. To prevent coughs, colds, grip and influenza and to hasten recovery there is nothing better.

PE-RU-NA will improve the appetite and digestion, purify the blood, soothe the irritated mucous linings, eradicate the waste material and corruption from the system. It will tone up the nerves, give you health, strength, vigor and the joy of living. Do what Mrs. Mary Fricke and thousands more have done—try PE-RU-NA. You will be glad, happy, thankful.

INDIAN TRIBE MAY  
REGAIN LOST LAND

Neither Texas or Oklahoma Will Get  
Territory Involving Red River  
Boundary

INCLUDES VALUABLE OIL LAND

Trouble Started When an Oil Oper-  
ator Drilled on Land Where it  
Had Been Prohibited

(By United Press.)

Oklahoma City, Okla., Nov. 21—The Red River boundary dispute, involving oil lands worth \$200,000,000, may ultimately be settled in such a way that neither of the contending states—Texas and Oklahoma—will get the territory.

And the land may revert to its true and original owners, the Wichita Indians.

At least that will be the decision if the supreme court justices follow the suggestion of Joseph P. Thoburn secretary of the Oklahoma historical society.

The trouble started several years ago when a Texas judge fined and jailed Tom Testerman, an Oklahoma state senator and oil operator, for persisting in drilling on the land after the court had issued an injunction prohibiting it. The land is just south of the present Red River, which has shifted its course a mile and a half north of the original channel in the last century.

Oklahoma authorities appointed a receiver to take charge of the lands, which, by the meandering of the shifty little stream, had become apparently Texas property. Texas brought suit to prevent Oklahoma taking over the land, and finally, after armed strike was threatened, the case was taken to the United States supreme court, where it is now pending.

But, according to Thoburn, neither Texas nor Oklahoma has any claim on the land. It rightfully belongs to the Wichita Indians, he says, because the first inhabited the land and since being driven from it have not been paid for it either by Oklahoma, Texas or the federal government. Therefore, Thoburn asserts, the Indians still hold clear title to the country.

"The ancestors of the Wichita Indians have lived on both sides of Red River for a thousand years," said Thoburn. "For five hundred years they have occupied that part of the country along Red River where it traverses the Burkhorn oil fields."

"The right of the Wichita Indians to these lands has never been extinguished by purchase, exchange or otherwise, though state and federal governments have seemingly proceeded on the theory that there was no such right. From the time of its foundation, the federal government always paid due regard, at least in form, to the extinguishment of title to lands which were claimed by the several Indian tribes under aboriginal occupancy. The one exception to this seems to be the case of the Wichita Indians."

"In 1818, certain chiefs and warriors of the Quapaw tribe, in council at St. Louis with United States commissioners, entered into a treaty by the terms of which they ceded all of the lands in Oklahoma and Texas between the Arkansas and Canadian rivers on the north and Red river on the south to the government. The fact that the Quapaws lived in Arkansas and had never exercised any ownership over lands within two hundred miles of the region occupied by the Wichitas did not seem to have entered the consideration at all. Yet, with this as a basis the government granted these lands to the Choctaws two years later. More than thirty years elapsed before the Wichitas knew their country had been sold."

"Later the Chicaws purchased an interest in the lands granted the Choctaws. Some of the land was later leased to the government for the purpose of locating tribes of the great plains. Two bands of the Wichitas lived south of the Red river in Texas."

"In 1858, the main village or settlement of the Wichita tribe was located near Rush Springs. In the autumn a band of Comanches came to feast on the farm products which the Wichitas had raised. While the Comanches were encamped there a

GREAT SALT LAKE IS  
SALTIER SINCE 1909

Level of Lake is Lower Than it Has  
Been Since January 15, 1909,  
Said Alter Today.

RAIN WILL REFRESHEN IT.

Salt Lake City, Utah, Nov. 21—Great Salt Lake is saltier now than at any time since 1909, but a good rain will freshen it again, according to J. Cecil Alter, government meteorologist.

"The level of the lake is now lower than it has been since January 15, 1909," said Alter today. "The absolute amount of salt in the lake probably does not vary appreciably and has not varied since it was first seen by white men, but since the amount of water varies with evaporation and precipitation, the relative salinity increased as the level falls."

Alter said the low stage of the lake usually occurs in January when the feeder streams are frozen at their source, and that the high stage usually occurs late in June, shortly after the season of heaviest precipitation, and after the period of rapidly melting snow.

force of the United States cavalry attacked them and many were killed in the battle that followed. The Comanches accused the Wichitas of betraying them. To escape dire consequences the Wichitas abandoned their fields and ungathered crops and fled to Fort Arbuckle for protection.

"After the Civil War they went north into Kansas and settled temporarily at the mouth of the Little Arkansas on the site of the present city of Wichita, Kansas."

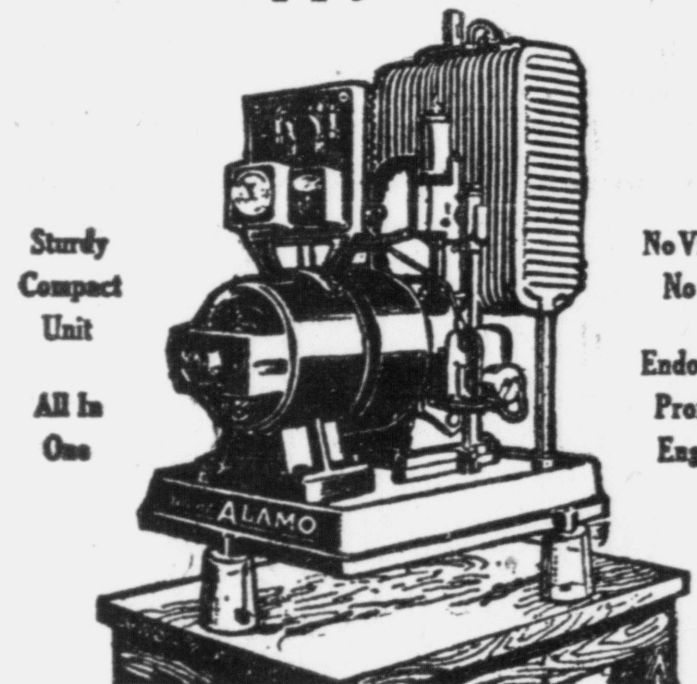

"It will be seen that the people of these tribes had left their homes, not from choice but from direct necessity. They were never permitted to return. They never relinquished their hereditary rights to the lands along both banks of the Red river. The fact that they were compelled to leave against their own will cannot be construed as voluntary abandonment."

### Special Coal Strike Schedule

On account of the shortage of coal, brought about by the strike of the Miners' Union, in violation of law and the order of the United States Court, refusing to mine coal, we face a complete shut-down of all roads in a very few days.

To avoid this as long as possible and to give the communities we serve as much service as possible, we will, beginning at 6 O'clock A. M. Friday, November 21, 1919, commence operating on a reduced schedule as follows:

Leaving Indianapolis for Connersville.		
6:00 A. M.	9:00 A. M.	12:00 Noon
3:00 P. M.	6:00 P. M.	9:00 P. M.
Leaving Indianapolis For Greensburg.		
6:00 A. M.	9:00 A. M.	12:00 Noon
3:00 P. M.	6:00 P. M.	9:00 P. M.
Leaving Connersville For Indianapolis.		
6:00 A. M.	9:00 A. M.	12:00 Noon
3:00 P. M.	6:00 P. M.	9:00 P. M.
Leaving GrGreensburg For Indianapolis.		
6:00 A. M.	9:00 A. M.	12:00 Noon
3:00 P. M.	6:00 P. M.	9:00 P. M.

All the cars will be operated as locals and patrons can easily, from the outstanding time tables, figure what time they will reach any given point by noticing when they leave either Indianapolis, Greensburg or Connersville terminal.

Patrons using electricity for lights are requested to cut down their consumption to the very lowest amount, and if this does not bring a sufficient saving of the current required, all of the current for lights will be turned off on Monday morning, November 24, 1919.

A great many will be discommoded by the change of schedule and the cutting off of lights, but it is a time of stress when everybody will be discommoded and all loyal people must bear the inconvenience with bravery.

The freight service will remain as usual as it is a real necessity to the various communities for living purposes.

Ordinary service will be resumed as soon as a sufficient supply of coal can be had therefor.

## PORCH SPOONING IN COLLEGE TOWN DOOMED

Baldwin, Kans. Adopts Plan With  
The Idea of Making Every  
Street a "White Way".

### RESIDENT STANDS EXPENSE

Baldwin, Kan., Nov. 21—Porch spooning in this college town seemed doomed today—or rather tonight. Baker university co-eds had nothing to say on the subject this morning, except to predict a new council will be seated at the next election.

The trouble started when city councilmen voted "aye" on a plan to furnish free electricity to residents for porch lights provided the property owners allowed the light to burn all night every night. The resident is to stand the expense of wiring.

The city fathers adopted the plan with the idea of making every Baldwin street a "white way". Indications today are that residents have generally taken with favor the slogan "a light on every porch".

## Amusements

### "The Lottery Man" Again Tonight.

Wallace Reid, the film star, has a new respect for the opinions of Rudyard Kipling. Despite the fact that he is happily married, the popular favorite has heretofore characterized the statement that "the female of the species is more deadly than the male" as "all bunk". But in his new Paramount-Artercraft picture, "The Lottery Man," which will be shown again tonight and for the last time here, at the Princess, Mr. Reid was instructed by Director James Cruze to rush through a mob of some 500 women "extras". Unbeknowns to the star, the ladies have been previously tipped off to tear his shirt into bits for souvenirs, to dive for his neck, and rough him up in every way possible. According to the story, Mr. Reid has ruffled himself off as a husband for a dollar a chance, and the "extras" were the women holding coupons on hand to see that justice was done. When the star started his mad flight, they fell upon him frantically, remembering their orders. He finally reached safety, half his wardrobe missing, his face and arms cut, and his nose bleeding.

"Kipling was right" was Wallace Reid's comment. "A mere man hasn't a chance."

### "A Petal on The Current"

From the same bench upon which superior judges have committed such offenders as Tom Mooney, Consul Franz Bopp, Von Brincken and Cordelia Bodkin, Mary MacLaren, the Universal star, was recently sentenced to ten days in the San Francisco county jail.

Miss MacLaren was sentenced by a fellow player who depicted the role of the judge in "A Petal on the Current", filmed from the story by Fannie Hurst which appeared in the Cosmopolitan Magazine.

Tod Browning, director, was not content with make-believe for the metropolitan scenes. He required the star to be arrested, to go to jail and to be sentenced from the identical bench at which many a jurist has dozed.

There is a story which Miss MacLaren says is intimately associated with that particular bench.

"Years ago," she said, "it was occupied by a fine old Irish judge who used to handle the cases this way:

"What's your name?—Smith—are—ye—guilty—or—not—guilty—thirty days—next case."

"What's your name?—O' Hoolihan, eh? Now Mr. O'Hoolihan, it grieves me to see you here for the fourth time this week. Officer Mur-r-r-phy—take Mr. O'Hoolihan into my chamber and see if he can't sleep it off."

Browning's company spent an entire week in San Francisco filming the Metropolitan scenes for "A Petal on the Current", which opens at the Mystic Theatre today.

J. Warren Kerrigan will appear Saturday in "The End of The Game" and Harold Lloyd will be held in "Si Senior", a comedy.

Thanksgiving Attraction  
From all reports, Arthur Ham-

merstein has hit it off again with "Somebody's Sweetheart" which comes to the Shubert Murat Theatre, Indianapolis, week commencing Monday November 24 as its Thanksgiving attraction. There will be matinee Wednesday and Thursday, Thanksgiving day, at 2:30 and Saturday. Nothing better in the way of a girl and music show has emanated from Broadway this season, if reviews at hand from Boston, Philadelphia, Chicago and New York are to be taken as any criterion. Written by Alonzo Price and Antonio Bafunno, "Somebody's Sweetheart", with its 100 per cent cast held to Broadway for a run of an entire season and a month to spare, and later enjoyed an engagement at the Garrick Theatre, in Chicago, for three long months.

Though programmed as a "romping musical play," this piece deserves from all accounts to rank with comic opera. Mr. Bafunno has graced the very clever book and lyric by Alonzo Price with a rarely beautiful and sprightly score, and Mr. Price has staged the production with exquisite and colorful ensembles. Headed by William Kent, who is hailed as the comedian sensation of the year, the principals are all endowed with excellent voices, and those of the chorus are far above the average, hence, musically, "Somebody's Sweetheart" hits a high level of attainment.

Follows the cast and a more competent, and uniformly fitted organization would be as hard to find as a good housemaid. William Kent, Louise Allen, John Dunsmuir, Eva Fardoll, Veronica, Ardelle Cleaves, Howard Marsh, Albert Sackett, Eugene Redding, Royal Cutter, Mabel Taylor, Edith Benjad, Joseph Bernello and others of established reputation.

In the covenant of the League of Nations is embodied a paragraph which says that all countries not now having Red Cross societies shall form them for action to help prevent diseases.

Skates were originally made from shin bones of animals.

## HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arcine and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

## WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL  
HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you.

Seven a day for seven days—Wonderful results.

Quickest Pain and Ache  
Killer on Earth—Neu-  
ralgia, Backache, and  
Headache Goes in 5  
Minutes.

The minute you rub on Begy's Mustarine for any pain, ache or soreness you'll know that all the misery and agony has started to go. It is very penetrating and won't blister.

Any druggist anywhere, will recommend it; praise it; guarantee it. He will tell you that a small box of this wonderful discovery will do the work of 50 mustard plasters.

Tonsillitis, bronchitis, pleurisy and deep-seated coughs go over night. Rheumatic sufferers joyfully praise it for the way it speedily stops the

agony and reduces the swollen joints.

Begy's Mustarine is the original mustard plaster substitute made of good, honest, yellow mustard—(not cheap substitute)—combined with other pain destroyers and is highly recommended by many physicians to reduce the swelling of gout.

After all other remedies have failed thousands have overcome misery caused by sore, burning feet, corns, bunions and callouses. Mustarine for chilblains and frost feet but be sure it's Begy's in yellow box.

### If It's a Battery Be Sure It's New

It isn't good business to buy a battery that may be months old when you get it.

The only safe thing to do is to buy a Willard Battery with Threaded Rubber Insulation that has been shipped and stored bone dry, and consequently is brand new when it begins to work for you.

Drop in some time and let us explain this process to you and tell you why it is only possible with Threaded Rubber Insulation.

## BRAZIL MAY BE "DRY" COUNTRY

President Pessoa in Last Message to Congress Urges Nation-Wide Prohibition

### MAY INCREASE LIQUOR TAX

Tide of Immigration to That Country is Chief Cause For Ban on Alcohol

H. B. ROBERTSON  
(U. P. Staff Correspondent.)

Rio de Janeiro, (By Mail).—Brazil, following the example of the United States, may be the second American republic to adopt prohibition.

The campaign against alcohol was launched by President Epitacio Pessoa in his last message to congress and was immediately taken up with unexpected vigor by the majority of the press of the country. Alarmed by the determined attacks of press and statesmen, the liquor interests are already raising the cry of "personal liberty" and the same campaign which resulted in a "dry" United States promises to be enacted to the bitter finish in Brazil.

In his message to congress, President Pessoa cited the example of the United States in adopting a constitutional amendment prohibiting the manufacture and sale of alcoholic drinks and suggested to the Brazilian congress that the time has come for the legislative body of Brazil to grapple with the problem. He indicated, however, that the extreme difficulty of obtaining amendments to the Brazilian constitution made it more practical to tax the booze industry to death than to legislate prohibition of manufacture and sale.

President Pessoa's suggestions for high taxation on the booze industry were supported by statements showing that one of the essential tasks of the present Brazilian congress is to find a way to increase the government's revenues and to reduce its expenditures.

As the first step of carrying out the president's suggestions, Deputy Javenal Lamartine has offered a bill in the chamber of deputies doubling the federal tax on beer and light wines and tripling the taxes on liquors and other strong alcoholic drinks. It is reported that the bill has excellent chances of being voted into law.

In the campaign of propaganda against alcohol which has been inaugurated in the press all of the arguments that were used in the United States, together with some new ones and other peculiar to local conditions, are being expounded.

The anti-alcoholists are quoting statistics showing the infant mortality due to alcohol, liability to disease, insanity and other causes of the country. In addition they are calling attention to the fact that the eight hour labor law is in force in practically all of Brazil and they are urging means of preventing the working classes from devoting their new found leisure hours to the attractions of the saloon and tavern. The argument is also being used that in general the Brazilians themselves are very moderate drinkers, but that excessive drinking prevails to a regrettable extent in the huge foreign colonies domiciled here.

It is argued that the most severe restrictions should be placed on alcohol, if for no other reason than to enable the country to more easily handle the huge tide of immigration which the signing of peace turned toward Brazil. It is declared that many "undesirables," who are not content to emigrate to a "dry" United States will seek the greater freedom of South America and that therefore it is up to the government to be on its guard.

In order that legitimate industry may not suffer the Lamartine bill provides that denatured alcohol shall be exempt from taxation.

Coincident with the anti-booze fight a strong campaign against the social evil has been launched, and it is quite possible that in the not distant future government control will be established similar to that in force in many European countries.

Quito, Ecuador, with a population of 80,000 has no hotels.

## A Battery You Don't Have to Think About—or Talk About

If you are one of the great majority who won't even read about "electrolyte", "grids" and patent insides, you will be tickled to death to leave all that, including the care of your battery, solely to us.

About the only angle of the battery question that seriously interests most motorists is the importance of getting one they don't have to think about or talk about.

If you feel that way, you can leave it to us to produce the evidence that Prest-O-Lite is the one battery in that class.

The Prest-O-Lite Battery has excelled in every competitive test—it has more pep, power and endurance. There is a correct size for every car.

By calling on us for free inspections and distilled water when needed, you can forget there is such a thing as battery trouble.

## NEW FORD AGENTS TAKE CHARGE HERE

F. P. Mullins and C. F. Taylor Succeed Ray Keys Who Came to Rushville 2 Years Ago.

### MAY ERECT A NEW BUILDING

F. P. Mullins and C. F. Taylor of Alexandria have taken over the agency here for the Ford automobile and the Ford tractor, according to an announcement made public today. The new representatives here for the Ford people have located their offices and showrooms for the present time at 133 South Main street.

Ray Keys, former representative, stated today that he had not made any definite plans for the future. Mr. Keys came here two years ago last October and has since been the agent for the Ford Company, only about a year ago purchasing the Windsor hotel corner and remodeling it to suit the purpose of a modern salesroom.

The new owners are seeking a permanent location and will probably purchase a place and build a building suitable for their needs. The deal was closed with the Ford Company a week ago, and the new Rush county agents have already taken possession.

## FAIL TO ENDORSE HARDING'S PLAN

Governors of Soft Coal Producing States do Not Favor Scheme to Operate Mines.

HELD TO BE IMPRACTICAL.

Federal Fuel Administration Issues Orders Excluding Manufacturers From Fuel.

(By United Press.)

Des Moines, Ia., Nov. 21—Governors of states producing soft coal today declined to endorse the proposal of Governor Harding, of Iowa, that the states seize and operate mines during the strike of miners.

Of seven replies received to Harding's message sent to state executives not one fully endorsed the proposal.

Governors Lawden of Illinois and Roberts of Tennessee suggested that conference of governors be held in Chicago to discuss the coal situation.

Harding said he might act on this suggestion.

Indianapolis, Ind., Nov. 21—Harry A. Garfield, federal fuel administrator, considers Governor Harding's proposal impractical according to a statement given out at Governor Goodrich's office today.

The governor made public a telegram from Garfield to Harding in which Garfield says:

"It is impossible to comply with our suggestion that power to fix coal prices be conferred on you. If it is done similar requests cannot be considered and would be refused and the federal court would be at a loss."

Garfield told Harding that all wa's requests have been handled accordance with the preference of the records show no domestic or public utility needs unfulfilled, though demands for non-essentials have been refused.

The federal fuel administration through regional directors today issued an order proposing that thereafter during the coal shortage coal shall be supplied to anyone at railroads, the army and navy and government departments, state and county departments and institutions, public utilities and retail dealers.

This order excludes manufacturers from delivery and means they will have to depend on their supply in bins.

## SUSANNAH COOK DIES OF HEART TROUBLE

Life of William Cook, Age 81 Years, Expires Thursday Afternoon at Home Here.

Funeral SATURDAY AT 1 P. M.

Mrs. Susannah Cook, a well known and highly respected woman in this city, died yesterday afternoon about 2:15 at her home, 64 North Main street, death being caused from heart trouble with which she had been suffering for several months.

The deceased was a resident of this city for a great number of years, and spent practically all of her life in Rush county, being 81 years old at the time of her death. She was a member of the St. Paul E. church of this city. Mrs. Cook was the wife of William Cook, who survives.

Besides the husband she is survived by two sons, Ollie and Robert, both of whom are well known farmers of this county. The funeral services will be conducted Saturday afternoon at one o'clock at the late residence, by the Rev. C. S. Black, and burial will be made in East Hill cemetery.

He was expected to leave for Indiana today and while in this state will also visit his mother at Winchester and his son, James Jr., at Terre Haute. Senator Watson will also spend some of the time in Indianapolis.

## BANK AT SPICELAND ROBBED EARLY TODAY

Yeggmen Escape With 40 Safety Deposit Boxes Containing Some Liberty Bonds.

SHERIFF JONES NOTIFIED.

(By United Press.)

Spiceland, Ind., Nov. 21—Cutting their way through the steel door with acetylene torches, burglars gained entrance to the safety deposit of the National bank at Spiceland and looted a number of the boxes early today. They took forty boxes with them and although the amount in the boxes is not known, they are known to have contained some Liberty Bonds.

They attempted to get into the safe inside the vault but failed. The robbers escaped.

Sheriff Jones early this morning received a call from the sheriff of Henry county, stating that the bank at Spiceland had been entered sometime in the night. The sheriff stated that the bank officials had not discovered what was missing, but that the robbers had left an acetylene tank in their haste to get away. No clue was given the officers and Sheriff Jones today was keeping an outlook for any suspects.

## POLICE DEPARTMENTS OF 3 CITIES SCORED

Judge A. B. Anderson Says Corruption Holds Sway in Muncie, Terre Haute and Evansville

SENTENCES A POLICEMAN

(By United Press.)

Indianapolis, Ind., Nov. 21—Corruption holds sway in the police departments of Muncie, Evansville and Terre Haute, Federal Judge A. B. Anderson declared in the court today.

The assertion was made when the judge sentenced Albert Moore, Terre Haute policeman, to six months in the Marion county jail and fined him \$100 for aiding three Terre Haute saloon keepers to violate the Reed amendment.

"If the police of Muncie had done their duty, we would not have had those cases," declared Anderson.

"This court has been compelled during the past two years to put in most of its time directing these police courts and why, because the police are so corrupt in those cities."

## CONFERENCE TO BE HELD NEXT WEEK TIME SHORT FOR SOLDIER'S MAIL

Will Embrace U. P. Congregations of Springhill, Milroy, Glenwood, Mays and Rushville.

NOTED LEADERS TO BE HERE

Will be Conducted Tuesday by the Rev. D. D. Dodds of Xenia—Local Organization.

A conference will be held next Tuesday in the United Presbyterian church of this city, in the interest of the New World Movement. The conference will embrace in its scope the United Presbyterian congregations of Springhill, Milroy, Glenwood, Mays, and Rushville and will be conducted by the Rev. David D. Dodds, D. D., Xenia, Ohio; the Rev. A. W. Jamieson, D. D., of Xenia, Ohio, a former pastor of the Rushville congregation, and the Rev. James L. Kelso of Bloomington, Indiana.

Dr. Dodds is the chairman and Dr. Jamieson, the secretary of the committee which is directing the New World Movement in the Second Synod, the Synod in which Rushville is located. The Rev. Mr. Kelso is the chairman of the committee responsible for the movement in the Indiana Presbytery.

There will be two sessions in the conference, one in the afternoon at 2:30, and one in the evening at 7:30.

The Rushville congregation has been organized for the New World Movement, with the pastor as chairman; Robert A. Innis as vice-chairman; Thomas M. Green, chairman spiritual life committee; Bor L. Trabue, chairman publicity committee; A. C. Brown, chairman stewardship committee; Wash Allen, chairman canvass committee, and Howard E. Barrett, chairman survey committee.

A young peoples' institute will also be held at the United Presbyterian church on Monday evening. It will be conducted by the Rev. Mr. Kelso, secretary of the young peoples' work in the Indiana Presbytery.

Fifty thousand members pledged to give one-tenth of their income to furthering Christianity is the goal set by the United Presbyterians in their New World Movement campaign which is now under way in all congregations of the denomination in America. By sermons and lectures, special publications and church organs and by personal appeal the membership will be asked to give support to the principles of Christian stewardship.

Under the direction of Dr. John H. White, executive secretary of the missionary and efficiency committee of the denomination, headquarters have been established in Pittsburgh, Pa., the stronghold of Presbyterianism, for the stewardship drive and an intensive educational campaign is now under way.

That the church is prepared to go forward in this drive in a business like manner is evidenced by the care with which information about the membership is being collected. Under the direction of the Rev. C. C. French, secretary of the department of survey of the New World Movement, blanks will be sent to the pastor of every congregation on which will be listed the number of members who now tithe their income.

When these lists are all received in the central headquarters in Pittsburgh each congregation will be asked to enlist a certain portion of its membership, probably one-third, as tithing stewards.

The Homer Christian Union Aid Society will give a Thanksgiving supper in the basement of the church Saturday night, Nov. 22. The public is cordially invited to attend.

Parcels For Christmas Will Leave This Country Dec. 8 For Foreign Countries.

INSTRUCTIONS ARE GIVEN

Packages Cannot Exceed Seven Pounds Nor Contain Perishable Presents.

Only a few days remain for the mailing of Christmas parcels to soldiers in foreign service, and according to instructions received here, all packages must be in the office at Hoboken, an embarkation point, not later than Dec. 8. Packages also are not to exceed seven pounds in weight, and are not to contain perishable or prohibitive articles.

There are not many Rush county soldiers serving in foreign countries now, and for the benefit of those who have friends in service either in the naval or in local camps, the information as given out by the post-office department may prove valuable, and save delay on the shipper's part.

Following is the rulings as received here, relative to shipping Christmas parcels for soldiers:

The War Department has advised that Christmas parcels for members of the American Expeditionary Forces in England, France, and Germany must, in order that they may be delivered to the members by Christmas, reach the port of embarkation, Hoboken, N. J., by December 8, 1919. Such Christmas parcels may be mailed under the following conditions:

Christmas parcels must not exceed 7 pounds in weight nor 72 inches in length and girth combined.

The parcels must be fully and correctly addressed that is, they must bear the name, rank, and organization of the addressee together with the words "American Expeditionary Forces", and be addressed in care of the commanding general, port of embarkation, Hoboken, N. J. Each parcel must be marked "Christmas Parcel" and bear the name and address of the sender. The following is suggested as a suitable form of address:

Christmas parcel.  
For (Name and Rank of addressee)

(No. and name of organization)

American Expeditionary Forces,  
Care of Commanding General  
Port of Embarkation, Hoboken, N. J.  
Parcels so addressed will be chargeable with postage at the fourth-class or parcel post zone rate applicable between the office where mailed and Hoboken, N. J., to be prepaid by stamps affixed.

Parcels may bear inscriptions such as "Please do not open until Christmas," "Merry Christmas," "Happy New Year," "With Best Wishes", and the like.

The parcels must contain no prohibited or unmailable articles. Candy and tobacco must be inclosed in tin or light wood boxes. Perishable food products may not be included in parcels unless they are enclosed in cans.

In order that such parcels may reach the addressees by Christmas the parcels should be deposited for mailing so that they will arrive at the port of embarkation, Hoboken, N. J., not later than December 8, 1919.

Christmas parcels for members of the American Expeditionary Forces in Siberia and for United States soldiers in the Hawaiian and Philippine Islands should not exceed 20 pounds in weight nor 2 cubic feet in volume; and should be addressed in the manner above indicated, care of the port and zone transportation

## FORMER CAPTAIN TO SPEAK Perry Oneal to Address Elks at Annual Memorial Services.

Perry Oneal who recently returned from overseas where he served as a captain, will speak at the annual memorial services of the Elks Sunday afternoon, December 7, at two o'clock. Mr. Oneal will relate some of his experiences while in the war zone, but will lay special stress on the work of the Salvation Army, which was supported by the Elks Lodge, during the war. The memorial services are for Elks only and will be held in the club rooms of the lodge.

## PRESIDENT WILL VETO RESOLUTION

Administration Officials Says He Has Power to Act on Measure Declaring War at End.

CITE THE U. S. CONSTITUTION

(By United Press.)

Washington, Nov. 21.—The Lodge concurrent resolution declaring war at an end can and will be vetoed by President Wilson in case it is passed by both the house and senate, is the opinion of high administration officials here today.

They cited the constitution that the president has this power.

Both came as an evidence of surprise to the supporters of the Lodge resolution, introduced into conference just before adjournment, who believed the executive had no authority to interfere with the concurrent resolution if it was passed by both the house and senate.

Discovery of the constitutional order which hitherto has seldom been exercised, was a blow.

It is said the president is planning to prevent the war being effectively ended until the peace treaty is adopted.

## BUSINESS QUIET IN CIRCUIT COURT TODAY

Case of J. D. Case Against Wilford Grindle for \$3,500 Is Removed From Docket.

WAS FILED THREE YEARS AGO

There has been nothing of much importance transacted in circuit court here the last two days. The suit brought three years ago last October by Jasper D. Case against Wilford Grindle on an account demanding \$3500, was removed from the docket. The plaintiff could not agree with the cross complaint and the defendant failed to agree with the plaintiff's complaint, and the case was taken off the docket with the costs being assessed equally against the plaintiff and defendant.

Laura Bennett, plaintiff in the divorce suit against Willard Bennett, has filed an affidavit and motion to require the defendant to state cause why he should not be punished for contempt of court. A few weeks ago the court ruled that Bennett should pay an allowance for attorney's fees, which amount has not been paid. The case was set for Saturday morning at nine o'clock.

## TAX COLLECTIONS ABOVE AVERAGE

Sum of \$85.12 More Than Duplicates Showed Collected Outside City of Rushville

\$988.52 DELINQUENT IN CITY

Amount to be Paid in 1919 Was \$651,450.87 and Total Actually Paid Was \$650,547.47

An unusual record was made in the county treasurer's office this year in view of the fact that \$85.12 more in taxes was collected outside the city of Rushville than there was on the duplicates.

The delinquency in the city of Rushville, where it is always the largest, amounted to \$988.52, but the delinquency in the whole county only amounted to \$903.40, which gives the excess in collections over what the duplicates showed on current taxes.

Another interesting thing in connection with the figures is that the people of the three incorporated towns of the county—Rushville, Carthage and Glenwood, paid 23 5/6 percent of the taxes this year and the people living in the county outside these three places paid 76 1/6 percent. Taxes on the duplicates of the three towns amounted to \$153,862.35 and for the remainder of the county \$497,588.52.

The following table shows the amount on the duplicates and the amount actually collected in each unit:

	On Duplicates	Collected
Rushville C. . .	\$131,952.00	\$130,963.48
Carthage . . .	17,932.84	17,872.24

## RED CROSS CLIMBS NEARER GOAL TODAY

Addition of 439 Members Brings Grand Total to 2803—Ripley Reports 237.

ORANGE SWELLS NUMBER 77

The 1920 Red Cross membership in Rush county was boosted nearer the goal of three thousand today by reports of 439 additional members being received, nearly half of which came from Ripley township, which had not reported previous to this time. The grand total for the county today stood at 2,802.

Orange township also swelled its total this morning by reporting 77 additional names, which with the 171 previously sent in, gives the township credit for 248 members. John McKee sent in one more name for Noble township, making 130 to date.

Rushville township's membership is also growing, 123 new members having been sent in since the last report yesterday. Ninety-three were from A. L. Stewart, one of the district captains, and thirty from Bert Conde, also a district captain. One more name was sent in by Bert Trabue, a city captain, making the total for his district 151. All but eight of the 25 district captains in Rushville township have reported. No word has come yet from either Center or Union townships.

## WATCH MEXICO FOR ACTION ON DEMAND

Officials here today were watching Mexico for action on the note dispatched by the state department to the Mexican government demanding the release of William O. Jenkins, United States consular agent at Puebla, who was rearrested on charges of being in a conspiracy with his bandit captors, who forced him to pay \$150,000 in gold for release.

### GOVERNMENT RESPONSIBLE

The note warned that further molestation of the consular agent would seriously affect the relations between the United States and Mexico, for which the government of Mexico must assume sole responsibility.

The note was sent immediately after official confirmation of Jenkins's rearrest had been received, and said the United States government was surprised and incensed on learning of the consular agent's imprisonment, which was characterized as "absolutely arbitrary and unwarranted."

Jenkins was first arrested early this month on the charge of collusion with the bandits who took him from his home at Puebla on October 19, but he was released after remaining in the penitentiary two hours. He was restricted to his home, however, and on Tuesday he was rearrested.

## ADJUTANT STORY COMING

Young Peoples Secretary of Salvation Army to Held Meeting

Adjutant Story, Young People's secretary of the Salvation Army for the states of Michigan and Indiana, will conduct the Young People's meeting this evening at the Salvation Army church in South Pearl street.

The adjutant has great oratorical ability and in recent years has been affiliated with the National Scout band of the Salvation Army in New York City. The special meeting will begin at 7:30 o'clock, to which everyone has a cordial welcome to attend. The meeting will close at 9 o'clock, after which the adjutant will conduct the Soldier's and recruit meeting.

## END OF FINGER SAWED OFF

Leonard Pate Painfully Injured at Pinnell-Tompkins Mill.

Leonard Pate, an employe at the Pinnell-Tompkins lumber company, met with a painful accident yesterday at the mill, when the end of a finger on his left hand was cut off. Pate was arranging the saws on a machine which was left running, and a finger was caught, and sawed off, just below the nail. The accident was indeed very painful, but today Mr. Pate is reported as recovering nicely.

## GUARANTEED

## FOR FIVE YEARS. WHY?

If a machine is to be guaranteed for a term of years, it must be built to stand up at least that length of time. Every part must be as strong as the rest—no weak points. Something besides "bull strength and awkwardness" is necessary. The "RUSHVILLE SPECIAL" Spreader is scientifically constructed, and the Litchfield Company knows this, because, under its own roofs, every part and piece is built from the raw material. This spreader is not the product of an "assembling" plant.

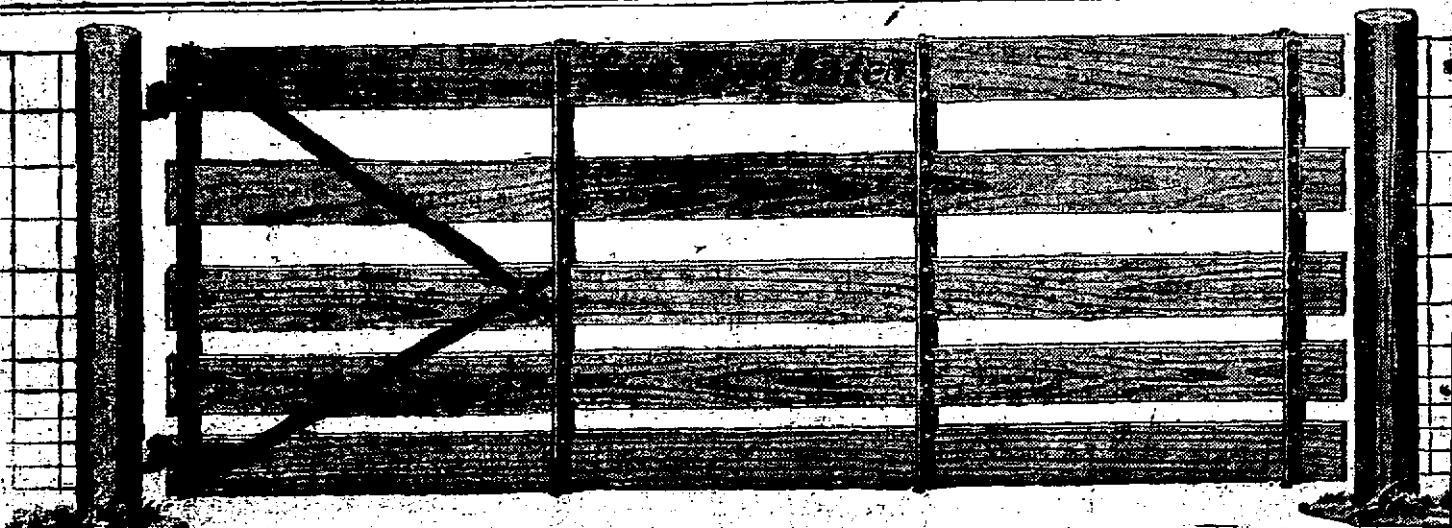

In building the "RUSHVILLE SPECIAL" Spreader for me, every unnecessary part has been eliminated and the machine scientifically designed and constructed, so that no needless material is used. All required strength is there; but your team need not haul around any useless, clumsy, awkward "wooden shoe" weight or bulk. The Bull Dog Beater Wheel and the No-Choke Box put less strain on the machine than any other form of construction so far invented. They also greatly reduce the draft on the horses.

The Self-Oiling journal bearings, the single lever, the studied simplicity—all tend toward efficiency and making the machine fool proof.

The all steel frame with circle front and steel bridged bolster construction, the endless self-cleaning conveyor, self-aligning bearings, high carbon beater teeth, welded truss reinforced frame—all scientifically built together, give me a spreader of KNOWN quality. Thus our reason for the guarantee which comes with the factory's signature. Look this spreader over.

## KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a tedious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for cathartics, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by keeping up the liver and clearing the system of impurities. Dr. Edwards' Olive Tablets are known by their olive color. 10c and 25c.

### The Rhodes Scholars

The scholarships at Oxford were suspended for two years during the war. A double set of boys, numbering sixty-four, has just been appointed. The students named as of 1918 will enter Oxford in January, 1920, those of 1919 waiting until October. Next year also a double number will be appointed.

The competition this year, says Prof. Frank Aydelotte of the Massachusetts Institute of Technology, American secretary to the Rhodes trustees, was keener than ever before. The war has created a much greater interest in England and its institutions. Some of the boys had already had short courses at Oxford while they were in military service, and appreciated its advantages. Others, by their experience overseas, had come to appreciate the desire of Cecil Rhodes to see the English-speaking peoples on closer terms of friendship and understanding.

The young man who wins one of these coveted scholarships is given funds to cover a three-years stay at the famous old university, to live comfortably and to travel moderately during the vacations. He must be a college graduate chosen on three counts, which are given equal value: character; scholastic standing in college work; general college activities outside of study, including athletics.

Cecil Rhodes wanted no pale-faced "grind" to enjoy his benefaction, no slippery crook with brains and no character, no popular athlete without brains. He wanted the best of the coming generation of young men, sound and strong in mind, heart and body, all-around Americans, to spend three years with England's best, learning to understand and appreciate England.

The late war justified his wisdom. Where is the American who will do this for Englishmen at an American university?

tative Ira G. Hersey of Maine that many railroads have been "robbed and ruined" during the period of government control by sending them equipment which they did not need, and charging it up to them, for which they must settle and pay in the days to come. As an instance, he cites the Main Central Railroad in his state. He declares that that road always has been one of the best managed properties in the country, and its rolling stock and other equipment was complete at the time the railroads were taken over by the president. Yet after they had been given a billion dollars the government railroad managers insisted that the Main Central accept box cars and locomotives to the value of \$3,215,392.48. The road refused to receive that equipment, but it was delivered and must be paid for. Mr. Hersey claims that the experience of the Maine Central has been duplicated in many other parts of the country.

### COMPARES CHURCH TO PETER'S CONDUCT

The Rev. W. M. Briney Points Out That it is Sleeping at Its Post of Duty

#### LEADS TO DENIAL OF CHRIST

A large and interested audience at the Main Street Christian church last evening listened to Rev. W. N. Briney as he presented the story of Simon Peter's denial of Christ in "The Four Fatal Footsteps" that led to his sin and sorrow. These were sleeping in the Garden while Jesus was suffering in the darkest hour of his life, following afar when he was arrested and taken to his trial, warning himself by the enemies' fire and his final denial of his Lord.

"Thus, the church and many modern Christians are sleeping at their post of duty," said the Rev. Mr. Briney, "indifferent to the church and claims of Christ, following afar from the Christ, and warming themselves by the fires of sinful pleasures, thus practically leading them to the denial of Christ by their character and conduct".

It was a soul searching sermon that every church member in Rushville ought to have heard, many stated today. Mrs. Georgia Moor and Lloyd Nelson sang a beautiful and pleasing duet. The subject of the sermon this evening will be "Voices From the Cross".

#### Express Agent's Statement.

Rushville, Nov. 19.

Editor Republican:—

It has come to my notice that George Baker, formerly employed by the express company of this city, is obtaining the signatures of the business men of this city to a petition which I am convinced the signers are not reading carefully before signing and feel sure that they have given the matter no thought.

If any business man would have a man in his employ whose services did not suit, he would think it very poor ethics for the other men in town to petition the discharged man's re-instatement and his own removal. This is what I understand the purport of Mr. Baker's petition and I would ask these business men, if they are so deeply interested in Mr. Baker's welfare, as to petition his re-instatement where not satisfactory, why not give him a responsible position with their own business house.

As there are always two sides to a question, I would thank all signers to read before signing the papers.

Yours truly,

J. A. Bruner,

Agent, American Railways Express company.

### Our Daily Laugh

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

He was a husky man child with a mechanical brain. His mother's diary showed that he had dismantled a floor-sweeper, two watches, an alarm clock and a music box in three weeks, and was able to open a jar of peaches and a stubborn box of blacking, both of which had defied the entire family. One Sunday afternoon the neighbor's taffy-time tabby was snoozing beside Master Robert and content with all the world, tail gently floating, whiskers twitching, and within the cat's stomach a constant and distant rumble as of big guns on the old Western front. Tabby was purring at capacity. Master Robert listened for quite a while and then said:

"Say, Mother, listen to pussy's motor".

### Thought One Clean Shirt All He Needed

"Ten years ago I was reduced to a mere shadow. I was yellow as a gold piece and would often be doubled up with most excruciating pains in my stomach. Physicians could only relieve me with morphine. I was advised to try Mayr's Wonderful Remedy and it helped me at once. What is more, I have been well ever since. A friend said he thought one more clean shirt all I would ever wear." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. ## Nurse Makes Facts Public

Was Told Operation Was Her Only Hope—"Tanlae is Wonderful." She Says.

"Speaking from personal experience," said Mrs. D. L. Travis, a well known nurse, residing at 721 Seventh Ave., Peoria, Ill., in a conversation, recently. "I know Tanlae to be a most valuable medicine and I feel it my duty to give the facts to the world."

Mrs. Travis is only one of a great many in her profession who have endorsed Tanlae. She has been nursing the sick for eighteen years and her statement, coming, as it does, from one of such wide experience, will be read with interest everywhere.

"It is my honest belief," continued Mrs. Travis, "that there are millions of people who, if they only knew Tanlae as I do since using it myself, would lose no time in relieving themselves of their misery as I have done."

"The way I happened to know of Tanlae was through a noted physician. At this time I was suffering from what was said to be chronic appendicitis, which had troubled me for seven or eight years. I would become so nauseated—almost deathly sick—after eating that it was a common thing for me not to be able to retain my food. I am speaking now of the last stage of my suffering, after reaching the condition where an operation seemed unavoidable. But, previous to this time and for several years my health had been very poor and it was an effort for me to stay on my feet and practice my profession. I did it under the strain of suffering and when I came off from a case I was always so completely tired out, exhausted, and nervous that I thought each case would be the last."

"Finally, a few months ago, I gave up completely, took to my bed and arrangements were made for an operation, as it was thought I would never recover without it. At this point my physician and friend advised me to try Tanlae for a few days. Knowing he would not advise me wrong I ordered a bottle at once and two days later my suffering was letting up. Those terrible pains began to leave, the swelling and bloating commenced to go down and in a day or two more I changed from liquid diet to some more nourishing and substantial food. From that time on I recovered in a way that was actually astonishing to those who attended me. In all I have taken about seven bottles of this medicine and today I am as well as one can be. My lost strength has returned, my nerves are perfectly calm and no one could get more restful sleep than I do. My appetite is fine. I enjoy all my meals and I never suffer in the slightest degree with my stomach or in any other way. Nothing would keep me from praising this wonderful medicine."

Tanlae is sold in Rushville by F. B. Johnson & Co.; in Milroy by Dallas Copper; in Manilla by Geo. J. Inlow; and Arlington by Mrs. L. T. Davis.—(Adv.)

## Prepare for Christmas

"Do Your Christmas Shopping Early."

This appeal is made by metropolitan newspapers every pre-holiday season. There is sound wisdom in that advice. Especially is this true if one intends to include photographs in one's list of Christmas remembrances. A high grade photograph can not be produced over night. It requires time. A hurry-up job discredits your photographer and does not do the patron justice.

Every Christmas The Euphemia Lewis Studio has regretfully, but unavoidably disappointed some customers by refusing to make portraits for them at the last minute.

You are urged to come in NOW for your sittings. Only five short weeks remain. We are always rushed just before the holidays. Don't wait.

## NOTES

Mr. and Mrs. A. L. Stewart entertained with an informal six o'clock dinner party last evening at their home in North Main street. Covers were laid for sixteen couples.

Mrs. Jack Knecht was hostess for the Thursday Afternoon Bridge Club yesterday afternoon at her home in East Sixth street. After an afternoon of cards a dainty luncheon was served.

The Tri Kappa sorority will meet Monday evening at the home of Miss Helen Black in North Jackson street. A full attendance is desired as many important questions will be discussed at this time.

Mr. and Mrs. O. F. Thomas of Summitville, Madison county, have announced the approaching marriage of their daughter Miss Hazel Kathleen Thomas to Walter E. Smith of this city. The wedding will take place November 29.

Mrs. Malinda Young entertained the members of the Industrial Club yesterday with a pitch-in dinner at her home in West Seventh street. In the afternoon the twenty-seven members present finished knitting a comfort which the club had begun.

Mrs. Mary Poston and Mrs. Fred R. Beale are entertaining a large number of guests at a musical this afternoon and a dinner party this evening. The hours were two to four and four-thirty to six-thirty, and the dinner will be served to about forty guests at seven-thirty, at the home of Mrs. Beale.

Mr. and Mrs. Merrill S. Ball will entertain with a pitch-in supper tonight at their home in North Morgan street. The guests will include Mr. and Mrs. Peter Hollowell, Mr. and Mrs. Jess Poe, Mr. and Mrs. Charles Brown, Mr. and Mrs. George Monjar, Mr. and Mrs. Ernest Mitchell, Mr. and Mrs. Chester Cross and Mrs. Joe Pugh.

Mrs. Charles B. Wilson entertained at her home near New Salem with a miscellaneous shower Wednesday afternoon, honoring Miss Beulah Murphy, whose marriage to Harry Mull, living southwest of the city will take place December 14. About fifty guests were present to enjoy the afternoon. Miss Murphy received many beautiful presents.

The members of the Inter Nos club met Wednesday with Mrs. Oscar Williams at her home west of Rushville and enjoyed a bounteous pitch-in dinner. Following the noon hour the members dressed a large number of dolls for Christmas gift boxes, which the club is preparing for charity. The next meeting of the club will be held at the home of Mrs. Conrad Posz.

Miss Lavonne Cassidy entertained the Les Demoselles societe and friends Wednesday evening at her home west of the city with a Topsy Turvy party. The guests were requested to be dressed in topsy turvy fashion and a prize was given for the best costume. The evening was spent in games and music. At a late hour the guests were invited to the dining room which was beautifully decorated with Thanksgiving emblems and candles cast a soft glow over the room during the delicious oyster supper which was served. Covers were laid for the Misses Vida Frow, Dora Mull, Ethel Posz, America Brown and Lavonne Cassidy, and Delvert Frakes, Morris Bagley, Clell Dearing, Hugh Brown, Ora Cassidy, Ross Brown and Carl Dearing, Mr. and Mrs. Earnest Corrie, Mr. and Mrs. Albert Updike, Mr. and Mrs. Chester Dearing, Mr. and Mrs. Marshall Dearing and Mr. and Mrs. Charles Cassidy.

A miscellaneous shower was given Wednesday evening in honor of Miss

## SCARLET FEVER THICK SOUTHWEST OF CITY

Several Cases are Reported in Moscow Schools and General Quarantine May Result

A scarlet fever epidemic is raging in southwestern Rush county which might result in the closing of the schools at Moscow and a general quarantine placed on all public meetings in that vicinity. There are several cases reported in the Moscow schools, both in the grade department and the high school. It has been necessary for the high school basketball team to cancel several games on that account, as three of the players are absent.

In the Moscow schools thirty-three pupils were absent this week, but not all of them were suffering from scarlet fever. Many homes have been quarantined. At Blue Ridge which is on the Rush-Shelby county line, there are no cases in the town, but many in that vicinity, and precautions have been taken to prevent an epidemic. An oyster supper that was to have been held there last Saturday was called off, and a basketball game this week was also postponed because the people did not want to take any chances of exposure.

## REVOLUTION WAS ONLY KEYSTONE OF COLLAPSE

Von Hindenburg Testifies Before The Reichstag Committee Investigating The War.

Berlin, Nov. 21—Final Judgment of history will show that the revolution was really only the "keystone" of Germany's military collapse. Field Marshal Von Hindenburg, yesterday told the Reichstag committee investigating the war.

Lack of cooperation, the failure of political leaders and the lack of support in the demand for obedience, was the real cause for disintegration, he declared.

Following Von Hindenburg was Erich Ludendorff, formerly quartermaster general, declared the situation was most serious when he and Von Hindenburg assumed command. Germany was outnumbered 10 to 6 and inadequate equipment caused heavy losses.

BILIOUSNESS Caused by Acid-Stomach

If people who are bilious are treated according to local symptoms they seldom get very much better. Whatever relief is obtained is usually temporary. Trace biliousness to its cause and remove the cause and the chances are that the patient will remain strong and healthy. Doctors say that more than 70 non-organic diseases can be traced to an Acid-Stomach. Biliousness is one of them. Indigestion, heartburn, belching, sour stomach, bloating and gas are other signs of acid-stomach. EATONIC, the marvelous modern stomach remedy, brings quick relief from these stomach troubles which lead to a long train of ailments that make life miserable if not corrected. EATONIC usually cures and carries away the excess acid. Makes the stomach strong, cool and comfortable. Helps digestion; improves the appetite and you thus get full strength from your food. Thousands say that EATONIC is the most effective stomach remedy in the world. It is the help YOU need. Try it on our money-back-guarantee. Guaranteed. At all drug-gists. Only 50c for a big box.

# PE-RU-NA

This Lady TELLS Her FRIENDS

Mrs. Mary Fricke, 507 Bornman St., Belleville, Ill., is just one of the many thousands of ladies throughout the country who, after an agony of years, have at last found health, strength and vigor in PE-RU-NA.

Her own words tell of her suffering and recovery better than we can do it: "I suffered with my stomach, had awful cramps and headaches so I often could not lay on a pillow. Saw your book, tried PE-RU-NA and got good results from the first bottle. To be sure of a cure I took twelve bottles. I have recommended PE-RU-NA to my friends and all are well pleased with results. I will not be one day without PE-RU-NA. Have not had a doctor since I started with PE-RU-NA, which was about fifteen years ago. I am now sixty-three years old, hale, hearty and well. Can do as much work as my daughters. I feel strong and healthy and weigh near two hundred pounds. Before, I weighed as little as one hundred. I hope lots of people use PE-RU-NA and get the results I did." An experience like that of Mrs. Fricke is an inspiration to every sick and suffering woman.

If you have catarrh, whether it be of the nose, throat, stomach, bowels, or other organs, PE-RU-NA is the remedy. It is not new; it is not an experiment. PE-RU-NA has been tried. PE-RU-NA has been used by thousands who once were sick and are now well. To prevent coughs, colds, grip and influenza and to hasten recovery there is nothing better.

PE-RU-NA will improve the appetite and digestion, purify the blood, soothe the irritated mucous linings, eradicate the waste material and corruption from the system. It will tone up the nerves, give you health, strength, vigor and the joy of living. Do what Mrs. Mary Fricke and thousands more have done—try PE-RU-NA. You will be glad, happy, thankful.

## INDIAN TRIBES MAY REGAIN LOST LAND

Neither Texas or Oklahoma Will Get Territory Involving Red River Boundary

INCLUDES VALUABLE OIL LAND

Trouble Started When an Oil Operator Drilled on Land Where it Had Been Prohibited

(By United Press.)

Oklahoma City, Okla., Nov. 21—The Red River boundary dispute, involving oil lands worth \$200,000,000, may ultimately be settled in such a way that neither of the contending states—Texas and Oklahoma—will get the territory.

And the land may revert to its true and original owners, the Wichita Indians.

At least that will be the decision if the supreme court justices follow the suggestion of Joseph P. Thoburn, secretary of the Oklahoma historical society.

The trouble started several years ago when a Texas judge fined and jailed Tom Testerman, an Oklahoma state senator and oil operator, for persisting in drilling on the land after the court had issued an injunction prohibiting it. The land is just south of the present Red River, which has shifted its course a mile and a half north of the original channel in the last century.

Oklahoma authorities appointed a receiver to take charge of the lands, which, by the meandering of the shifty little stream, had become apparently Texas property. Texas brought suit to prevent Oklahoma taking over the land, and finally, after armed strike was threatened, the case was taken to the United States supreme court, where it is now pending.

But, according to Thoburn, neither Texas nor Oklahoma has any claim on the land. It rightfully belongs to the Wichita Indians, he says, because the first inhabited the land and since being driven from it have not been paid for it either by Oklahoma, Texas or the federal government. Therefore, Thoburn asserts, the Indians still hold clear title to the country.

"The ancestors of the Wichita Indians have lived on both sides of Red River for a thousand years," said Thoburn. "For five hundred years they have occupied that part of the country along Red River where it traverses the Burkholder oil fields."

"The right of the Wichita Indians to these lands has never been extinguished by purchase, exchange or otherwise, though state and federal governments have seemingly proceeded on the theory that there was no such right. From the time of its foundation, the federal government always paid due regard, at least in form, to the extinguishment of title to lands which were claimed by the several Indian tribes under aboriginal occupancy. The one exception to this seems to be the case of the Wichita Indians."

"In 1818, certain chiefs and warriors of the Quapaw tribe, in council at St. Louis with United States commissioners, entered into a treaty by the terms of which they ceded all of the lands in Oklahoma and Texas between the Arkansas and Canadian rivers on the north and Red river on the south to the government. The fact that the Quapaws lived in Arkansas and had never exercised any ownership over lands within two hundred miles of the region occupied by the Wichitas did not seem to have entered the consideration at all. Yet, with this as a basis the government granted these lands to the Choctaws two years later. More than thirty years elapsed before the Wichitas knew their country had been sold."

"Later the Chickasaws purchased an interest in the lands granted the Choctaws. Some of the land was later leased to the government for the purpose of locating tribes of the great plains. Two bands of the Wichitas lived south of the Red river in Texas."

"In 1866, the main village or settlement of the Wichita tribe was located near Rush Springs. In the autumn a band of Comanches came to feast on the farm products which the Wichitas had raised. While the Comanches were encamped there a

## GREAT SALT LAKE IS SALTIER SINCE 1909

Level of Lake is Lower Than it Has Been Since January 15, 1909, Said Alter Today.

RAIN WILL REFRESHEN IT.

Salt Lake City, Utah, Nov. 21—Great Salt Lake is saltier now than at any time since 1909, but a good rain will freshen it again, according to J. Cecil Alter, government meteorologist.

"The level of the lake is now lower than it has been since January 15, 1909," said Alter today. The absolute amount of salt in the lake probably does not vary appreciably and has not varied since it was first seen by white men, but since the amount of water varies with evaporation and precipitation, the relative salinity increased as the level falls."

Alter said the low stage of the lake usually occurs in January when the feeder streams are frozen at their source, and that the high stage usually occurs late in June, shortly after the season of heaviest precipitation, and after the period of rapidly melting snow.

force of the United States cavalry attacked them and many were killed in the battle that followed. The Comanches accused the Wichitas of betraying them. To escape dire consequences the Wichitas abandoned their fields and ungathered crops and fled to Fort Arbuckle for protection.

"After the Civil War they went north into Kansas and settled temporarily at the mouth of the Little Arkansas on the site of the present city of Wichita, Kansas."

"It will be seen that the people of these tribes had left their homes, not from choice but from direct necessity. They were never permitted to return. They never relinquished their hereditary rights to the lands along both banks of the Red river. The fact that they were compelled to leave against their own will cannot be construed as voluntary abandonment."

### Special Coal Strike Schedule

On account of the shortage of coal, brought about by the strike of the Miners' Union, in violation of law and the order of the United States Court, refusing to mine coal, we face a complete shut-down of all roads in a very few days.

To avoid this as long as possible and to give the communities we serve as much service as possible, we will, beginning at 6 O'clock A. M. Friday, November 21, 1919, commence operating on a reduced schedule as follows:

Leaving Indianapolis for Connersville.		
6:00 A. M.	9:00 A. M.	12:00 Noon
3:00 P. M.	6:00 P. M.	9:00 P. M.
Leaving Indianapolis for Greensburg.		
6:00 A. M.	9:00 A. M.	12:00 Noon
3:00 P. M.	6:00 P. M.	9:00 P. M.
Leaving Connersville for Indianapolis.		
6:00 A. M.	9:00 A. M.	12:00 Noon
3:00 P. M.	6:00 P. M.	9:00 P. M.
Leaving Greensburg for Indianapolis.		
6:00 A. M.	9:00 A. M.	12:00 Noon
3:00 P. M.	6:00 P. M.	9:00 P. M.

All the cars will be operated as locals and patrons can easily, from the outstanding time tables, figure what time they will reach any given point by noticing when they leave either Indianapolis, Greensburg or Connersville terminal.

Patrons using electricity for lights are requested to cut down their consumption to the very lowest amount, and if this does not bring a sufficient saving of the current required, all of the current for lights will be turned off on Monday morning, November 24, 1919.

A great many will be discommoded by the change of schedule and the cutting off of lights, but it is a time of stress when everybody will be discommoded and all loyal people must bear the inconvenience with bravery.

The freight service will remain as usual as it is a real necessity to the various communities for living purposes.

Ordinary service will be resumed as soon as a sufficient supply of coal can be had therefor.

## PORCH SPOONING IN COLLEGE TOWN DOOMED

Baldwin, Kansas Adopts Plan With  
The Idea of Making Every  
Street a "White Way".

### RESIDENT STANDS EXPENSE

Baldwin, Kan., Nov. 21—Porch spooning in this college town seemed doomed today—or rather tonight. Baker university co-eds had nothing to say on the subject this morning, except to predict a new council will be seated at the next election.

The trouble started when city councilmen voted "aye" on a plan to furnish free electricity to residents for porch lights provided the property owners allowed the light to burn all night every night. The resident is to stand the expense of wiring.

The city fathers adopted the plan with the idea of making every Baldwin street a "white way". Indications today are that residents have generally taken with favor the slogan "a light on every porch".

### "The Lottery Man" Again Tonight.

Wallace Reid, the film star, has a new respect for the opinions of Rudyard Kipling. Despite the fact that he is happily married, the popular favorite has heretofore characterized the statement that "the female of the species is more deadly than the male" as "all bunk". But in his new Paramount-Artcraft picture, "The Lottery Man," which will be shown again tonight and for the last time here, at the Princess, Mr. Reid was instructed by Director James Cruze to rush through a mob of some 500 women "extras". Unbeknowns to the star, the ladies have been previously tipped off to tear his shirt into bits to souvenirs, to dive for his neck, and rough him up in every way possible. According to the story, Mr. Reid has raffled himself off as a husband for a dollar a chance, and the "extras" were the women holding coupons on hand to see that justice was done. When the star started his mad flight, they fell upon him frantically, remembering their orders. He finally reached safety, half his wardrobe missing, his face and arms cut, and his nose bleeding.

"Kipling was right" was Wallace Reid's comment. "A mere man hasn't a chance."

### "A Petal on The Current"

From the same bench upon which superior judges have committed such offenders as Tom Mooney, Consul Franz Bopp, Von Brincken and Cordelia Bodkin, Mary MacLaren, the Universal star, was recently sentenced to ten days in the San Francisco county jail.

Miss MacLaren was sentenced by a fellow player who depicted the role of the judge in "A Petal on the Current", filmed from the story by Fannie Hurst which appeared in the Cosmopolitan Magazine.

Tod Browning, director, was not content with make-believe for the metropolitan scenes. He required the star to be arrested, to go to jail and to be sentenced from the identical bench at which many a jurist has dozed.

There is a story which Miss MacLaren says is intimately associated with that particular bench.

"Years ago," she said, "it was occupied by a fine old Irish judge who used to handle the cases this way:

"What's your name?—Smith—are ye guilty or—not guilty—thirty days—next case."

"What's your name?—O' Hoolihan, eh? Now Mr. O'Hoolihan, it grieves me to see you here for the fourth time this week. Officer Mur-r-phy—take Mr. O'Hoolihan into my chambers and see if he can't sleep it off."

Browning's company spent an entire week in San Francisco filming the Metropolitan scenes for "A Petal on the Current", which opens at the Mystic Theatre today.

J. Warren Kerrigan will appear Saturday in "The End of The Game" and Harold Lloyd will be held in "Si Senior", a comedy.

### Thanksgiving Attraction

From all reports, Arthur Ham-

merstein has hit it off again with "Somebody's Sweetheart" which comes to the Shubert Murat Theatre, Indianapolis, week commencing Monday November 24 as its Thanksgiving attraction. There will be matinee Wednesday and Thursday, Thanksgiving day, at 2:30 and Saturday. Nothing better in the way of a girl and music show has emanated from Broadway this season, if reviews at hand from Boston, Philadelphia, Chicago and New York are to be taken as any criterion. Written by Alonzo Price and Antonio Bafanno, "Somebody's Sweetheart", with its 100 per cent cast held to Broadway for a run of an entire season and a month to spare, and later enjoyed an engagement at the Garrick Theatre, in Chicago, for three long months.

Though programmed as a "romping musical play," this piece deserves from all accounts to rank with comic opera. Mr. Bafanno has graced the very clever book and lyrics by Alonzo Price with a rarely beautiful and sprightly score, and Mr. Price has staged the production with exquisite and colorful ensembles. Headed by William Kent, who is hailed as the comedian sensation of the year, the principals are all endowed with excellent voices, and those of the chorus are far above the average, hence, musically, "Somebody's Sweetheart" hits a high level of attainment.

Follows the cast and a more competent, and uniformly fitted organization would be as hard to find as a good housemaid, William Kent, Louise Allen, John Dunsmuir, Eva Fallon, Veronica, Ardelle Cleaves, Howard Marsh, Albert Sackett, Eugene Redding, Royal Cutter, Mabel Taylor, Edith Benjad, Joseph Bernello and others of established reputation.

In the covenant of the League of Nations is embodied a paragraph which says that all countries not now having Red Cross societies shall form them for action to help prevent diseases.

Skates were originally made from shin bones of animals.

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arcine and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

## WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL  
HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you.

Seven a day for seven days—Wonderful results.

Minutes.

The minute you rub on Begy's Mustarine for any pain, ache or soreness you'll know that all the misery and agony has started to go. It is very penetrating and won't blister.

Any druggist anywhere will recommend it; praise it; guarantee it. He will tell you that a small box of this wonderful discovery will do the work of 50 mustard plasters.

Tonsillitis, bronchitis, pleurisy and deep-seated coughs go over night. Rheumatic sufferers joyfully praise it for the way it speedily stops the

agony and reduces the swollen joints.

Begy's Mustarine is the original mustard plaster substitute made of good, honest, yellow mustard (no cheap substitute)—combined with other pain destroyers and is highly recommended by many physicians to reduce the swelling of gout.

After all other remedies have failed thousands have overcome the misery caused by sore, burning feet, corns, bunions and callouses. Use Mustarine for chilblains and frosted feet but be sure it's Begy's in the yellow box.

## BRAZIL MAY BE "DRY" COUNTRY

President Pessoa in Last Message to Congress Urges Nation-Wide Prohibition

### MAY INCREASE LIQUOR TAX

Tide of Immigration to That Country is Chief Cause For Ban on Alcohol

H. B. ROBERTSON  
(U. P. Staff Correspondent.)

Rio de Janeiro, (By Mail).—Brazil, following the example of the United States, may be the second American republic to adopt prohibition.

The campaign against alcohol was launched by President Epitacio Pessoa in his last message to congress and was immediately taken up with unexpected vigor by the majority of the press of the country. Alarmed by the determined attacks of press and statesmen, the liquor interests are already raising the cry of "personal liberty" and the same campaign which resulted in a "dry" United States promises to be enacted to the bitter finish in Brazil.

In his message to congress President Pessoa cited the example of the United States in adopting a constitutional amendment prohibiting the manufacture and sale of alcoholic drinks and suggested to the Brazilian congress that the time has come for the legislative body of Brazil to grapple with the problem. He indicated, however, that the extreme difficulty of obtaining amendments to the Brazilian constitution made it more practical to tax the booze industry to death than to legislate prohibition of manufacture and sale.

President Pessoa's suggestions for high taxation on the booze industry were supported by statements showing that one of the essential tasks of the present Brazilian congress is to find a way to increase the government's revenues and to reduce its expenditures.

As the first step of carrying out the president's suggestions Deputy Juvenal Lamartine has offered a bill in the chamber of deputies doubling the federal tax on beer and light wines and tripling the taxes on liquors and other strong alcoholic drinks. It is reported that the bill has excellent chances of being voted into law.

In the campaign of propaganda against alcohol which has been inaugurated in the press all of the arguments that were used in the United States, together with some new ones and other peculiar to local conditions, are being expounded.

The anti-alcoholists are quoting statistics showing the infant mortality due to alcohol, liability to disease, insanity and crime because of the consumption. In addition they are calling attention to the fact that the eight hour labor law is in force in practically all of Brazil and they are urging means of preventing the working classes from devoting their new found leisure hours to the attractions of the saloon and tavern. The argument is also being used that in general the Brazilians themselves are very moderate drinkers, but that excessive drinking prevails to a regrettable extent in the huge foreign colonies domiciled here.

It is argued that the most severe restrictions should be placed on alcohol, if for no other reason than to enable the country to more easily handle the huge tide of immigration which the signing of peace turned toward Brazil. It is declared that many "undesirables", who are not content to emigrate to a "dry" United States will seek the greater freedom of South America and that therefore it is up to the government to be on its guard.

In order that legitimate industry may not suffer the Lamartine bill provides that denatured alcohol shall be exempt from taxation.

Coincident with the anti-booze fight a strong campaign against the social evil has been launched, and it is quite possible that in the not distant future government control will be established similar to that in force in many European countries.

Quito, Ecuador, with a population of 30,000 has no hotels.

## A Battery You Don't Have to Think About—or Talk About

If you are one of the great majority who won't even read about "electrolyte", "grids" and patent insides, you will be tickled to death to leave all that, including the care of your battery, solely to us.

## NEW FORD AGENTS TAKE CHARGE HERE

F. P. Mullins and C. F. Taylor Succeed Ray Keys Who Came to Rushville 2 Years Ago.

### MAY ERECT A NEW BUILDING

F. P. Mullins and C. F. Taylor of Alexandria have taken over the agency here for the Ford automobile and the Fordson tractors, according to an announcement made public today. The new representatives here for the Ford people have located their offices and salesrooms for the present time at 133 South Main street.

Ray Keys, former representative, stated today that he had not made any definite plans for the future. Mr. Keys came here two years ago last October and has since been the agent for the Ford Company, only about a year ago purchasing the Windsor hotel corner, and remodeling it to suit the purpose of a modern salesroom.

The new owners are seeking a permanent location and will probably purchase a place and build a building suitable for their needs. The deal was closed with the Ford Company a week ago, and the new Rush county agents have already taken possession.

Governor Attends Formal Opening of New Evansville College

Evansville, Ind., Nov. 21—Governor James P. Goodrich was to come to Evansville today to attend the formal opening of the new Evansville college and to address republican women of the First Congressional district.

The governor has informed women of the suffrage forces indirectly that he will call a special session of the legislature to ratify the suffrage amendment to the national constitution unless it becomes evident that Indiana's action would not affect the fate of the amendment.
